

# Survey for the family which child starts to attend our kindergarten

Could you please answer the questions of this survey. Your answers would help us better identify your needs and requests, thus, they would help us to improve the work of the institution. Help to each other and cooperation have a profound effect on your child's development. It is very important that we all have the same attitude on your child's growth and we together strive for what is best for your child. Therefore, your open and frank answers of this survey would serve for the best for all of us.

Your child's name, last name, date of birth

.....  
.....
